## MINISTRY PROFILE

In April 1991, Sandy and Larry Wasserman felt a call to minister to the elderly in healthcare facilities after caring for both sets of parents in nursing homes. We recruited Christian volunteers from various churches and began making regular visits to facilities in the West Palm Beach, FL area.

The Faithful Friends group grew and included clergy, musicians, but most of all just caring people who wanted to serve the residents of care facilities. We initiated regular visits as a group and one-on-one with the residents. We celebrated birthdays, holidays, and special occasions.

We made presentations to churches in the area and encouraged them to visit the confined elderly in their communities. We organized formal training sessions for existing groups and interested individuals.

In an effort to extend the ministry, the Faithful Friends Web Site was developed. Through the web site we have had the opportunity to equip and encourage people around the world but with a focus on the US and Canada.
